

288-core optical distribution box specifications

Overview

Telhua's 288-core outdoor fiber distribution cabinet features universal rack mount brackets for easy 19/23" rack integration. Compliant with IEC, TIA/EIA & RoHS standards. IP65-rated, high-density solution for reliable, scalable network deployments. FEATURE . It supports up to 288 cores and features SC/APC connectors that ensure secure and stable connectivity. This power cabinet guarantees reliable connectivity and optimal performance of your telecommunication systems. It is built with high-quality materials and equipped with various safety features. 1: suitable for optical fiber access network trunk optical cable and distribution cable node terminal protection, connection and scheduling management equipment, can achieve fiber fusion, handover, storage and distribution scheduling and other functions 2: the box body is made of high strength.
