

Cost of the Afghan Fiber Optic KVM Project

Overview

The fiber-optic project, with a budget of 40 million afghani, has commenced in Sar-e Pol province and is expected to be completed within the next five months. Afghanistan's Fiber optical network is owned by government. The FTTH delivers ultra-high-speed internet, enabling seamless voice, data, and video transmission over cutting-edge fiber optic lines. Once completed, the 4,600 Afghan Fiber Optic Ring (also known as the Afghan National Civil Optical Fiber Cable-OFC ring network) within the broader regional "Digital Silk Road" aims to.
