

En10g801 Smart PDU

Overview

Managed PDU, 1 x 16 A, 12 x IEC C13, overvoltage protection type 3, RCM type A Power distribution with remote monitoring capabilities in a compact design for IT network and server racks. Precise voltage and current measurement with tolerances of +/-1% ensure reliable measurement. Designed for power and network security and digital excellence, NX1 Smart Ready and Smart Node PDUs are based on a DCIM Agnostic and Open API platform that enables you to fit current needs and expectations, while anticipating for maintenance as well as future scaling and upgrades. Remote power control, real-time energy metering, SNMP/Modbus integration. From basic reliable power distribution to advanced. The Expert Power Control 8031-series is a network-compatible power distribution unit with 4 power ports on the back. The connected loads can be switched on or off as required and the total power consumption can be monitored, making the PDU a must-have in AV and IT installations, as well as small. With up to 21 intelligent programmable breakers and remote energy monitoring, you're in complete control. With up to 21 intelligent programmable breakers with a rating up to 125 amps, the SMART PDU I- type, with its 1U design, is compact, hot swappable, and built to meet safety standards. Monitoring. pressing SELECT button. The displayed information is switched as below order: Total input voltage/input current, input voltage/output current for each active numeric load alarm on output 5. Current available outputs are plug 1, 5 and 8. Fault codes will be displayed in turns automatically if more.

C_datasheet-obalky dd

Monitoring of energy consumption from individual outlets (PDU versions with POM designation) Illuminated display located on the device or separately next to the power distribution unit Built-in web

SMART PDUs

DAISY-CHAIN INSTALLATION Install Smart Ready PDUs and equip one with a controller: all units' data will be aggregated into the Smart Node PDU's user interface.

30A/32A 8-Outlet 1U Outlet-Metered & Switched eco

ATEN's PG8308 outlet-metered & switched series intelligent PDU features 8 outlets 1 housed in a compact 1U rack enclosure. With an ARM Cortex-A8 processor,

Smart PDUs

Optima RCM smart PDUs feature a web browser dashboard to monitor power status and alarm setpoints, and provide easy remote switching of outlets. For automated

ECP106: Smart PDU 6 Outlet | EnGenius

EnGenius ECP106 Smart PDU offers a cloud-based power management solution for data centers, enabling remote management.

Smart PDU's - Intelligent Power Management | nVent DATA

Our comprehensive range of Smart nVent iPDUs, is designed to transform the way you manage power in your data center. nVent is the world leader in OEM smart iPDU design and manufacturing.

PDU 6P 10A 200-240V | EnGenius APAC

The EnGenius Cloud Managed 1U 10A Smart PDU with 6 IEC-C13, PDU 6P 10A 200-240V (ECP106-INT) serves as a cloud-based power

Small and smart 4-fold switched and metered PDU

The small Power Distribution Unit Expert Power Control 1141 with 4 outlets for space-saving IT and AV installations.

Support PDU

Metered & Switched PDU 30-fold switched and metered PDU, 3-phase 30-fold switched and metered PDU 20-fold switched and metered PDU Small and smart

SmartPDU from 2-47 U: Efficient power distribution up to

Discover robust PDUs for optimum power distribution, reliability and simple integration. Calibrated and with integrated rack monitoring.

8-fold Switched and Metered PDU (Power Distribution Unit)

GUDE's Expert Power Control 8031. Discover our smart PDU (Power Distribution Unit) with IEC C13, NEMA Plugs and Plug Type G for AV/IT apps.

Smart PDU's - Intelligent Power Management | nVent

Explore a diverse selection of Intelligent PDUs, including Enlogic PDUs, tailored to suit your unique requirements. From basic monitoring to advanced metering and

Delta Launches Compact, Intelligent Power Management Smart PDU

The SMART PDU I-Type features up to 21 intelligent, programmable breakers that allow for granular control of power distribution. Each breaker can be customized to meet specific power

SmartPDU von 2-47 HE: Effiziente Stromverteilung bis 44 kW

Entdecken Sie robuste PDUs für optimale Energieverteilung, Zuverlässigkeit und einfache Integration. Geeicht und mit integriertem Rackmonitoring.

Smart PDU User Manual Firmware V1.2.0 User Manual

Smart The PDU input electrical parameter values, ambient temperature and humidity, PDU status and settings can be easily viewed on the local panel of this model, and it can also be

Smart PDU | Intelligent Power Management Solutions

Remote power control solutions for data centers, telecom & industrial sites. Intelligent PDU with real-time monitoring. Factory-direct, globally certified.

DIGITUS by ASSMANN Shop | GUDE Smart PDU, 1U, Outlet

Managed PDU, 1 x 16 A, 12 x IEC C13, overvoltage protection type 3, RCM type A. Power distribution with remote monitoring capabilities in a compact design for IT network and server racks. Precise

ATEN PDU, 8 x IEC C13 | Control cabinet accessories at very

PDU, 8 x IEC C13 Control cabinet accessories by ATEN - Reliable delivery favourable prices For business and private Order online at reichelt elektronik now!

Smart PDU I-Type

Smart PDU I-Type is a compact 1U DC distribution with intelligent plug-in breakers suitable for applications where individual power and energy monitoring is required for each breaker output.

SMART PDU I-type

With features such as individual power monitoring, remote control, and programmable settings, the Smart PDU I-Type offers telecom operators or tower companies advanced tools to manage power

Power Distribution Units - EnGenius Store Europe

Power Distribution Units By offering built-in advanced safety features and intuitive cloud management, EnGenius PDUs protect your critical infrastructure and make

20A/16A 8-Outlet 1U Outlet-Metered eco PDU

- 1U 8-Outlet eco PDU • Outlet level metering ATEN has developed a new generation of green energy power distribution units (PDU s) to effectively increase the

15A/10A 8-Outlet 1U Outlet-Metered & Switched eco

- 8 outlets • 15A (UL derated 12A) / 10A • Outlet Power Measurement The PE8108 eco PDU is intelligent PDU s that contains 8 AC outlets and is available in various

Power Distribution Unit

The PDU is designed to distribute AC power from a single source to 8 outputs with advanced load monitoring and local or remote ON/OFF switching control of individual outlets.

Optimum energy distribution with SmartPDU

SmartPDU for reliable power distribution in the rack Intelligent PDU for monitoring and controlling energy consumption Efficient rack power distribution units from 2 ...

Cloud Managed 1U 10A Smart PDU with 6 Metered Outlets

PDU with 6 IEC-C13, PDU 6P 10A 200-240V (ECP106-INT) serves as a cloud-based power management solution for diverse applications. It facilitates remote and local control, efficient energy

PDU 6P 10A 200-240V | EnGenius Networks Europe B.V

The EnGenius Cloud Managed 1U 10A Smart PDU with 6 IEC-C13, PDU 6P 10A 200-240V (ECP106-INT) serves as a cloud-based power management solution
