

# How to make the lower right bend of the cable tray

## Overview

You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you how to make one using a metal bar. Since the jaws of the bolt cutter drags a layer of zinc across the cut end and forms a protective layer. Check for dents, cracks, or any other issues that may compromise the. The first step is to mark out the tray (A). Construction of a flat 90° bend (A) The amount of tray lip to be removed is equal to 2, 3/4 the width of the tray, half of this measurement will be removed on either side of the centre line. To remove the lip we can use a small hand grinder (B) or a file. Quick and easy 90 bend in cable tray, great for small cable bends, hit that follow button for more tutorials #electrician #sparky #sparkylife #electriciansoftiktok #cabletray #tray #howto #fyp #fy #howto #tutorial Learn the step-by-step process to make a quick and simple 90-degree bend in cable. Brought a bunch of cables to a controller and left with less cables, you hit it right on the head ! Done stuff like this before in large fiber installations. Never dealt with cable trays, but didn't you just cut your.
