

In-office fiber optic cable installation price

Overview

Per-Foot Installation Rates: Installation and termination labor for fiber-optic cabling typically costs \$1 to \$6 per linear foot, separate from material pricing. Single-mode fiber costs less per foot than multimode fiber, but it requires more. Buying fiber optic installation services involves several cost components, with total price influenced by length, location, and access. The main cost drivers include trenching or aerial deployment, materials, labor hours, and any required permits. This guide presents typical price ranges in USD to. The cost to install fiber optic cable ranges from \$1. According to the Fiber Broadband Association's 2025 report, median costs are \$8 per foot for aerial builds and \$18 per foot for underground. The physical fiber itself can range from \$1 to \$6 per foot, depending on the fiber count you require. Understanding these prices helps companies make informed decisions before investing in this future-proof technology. You should account for permit.
