

Morocco Corporate Leased Telecommunication Fiber Cable

Overview

On Wednesday, June 26, 2025, Morocco Telecom (IAM) and Inwi (Wana Corporate) officially announced the launch of their new companies, Uni Fiber and Uni Tower, in a strategic move aimed at accelerating the deployment of fiber optic networks to homes (FTTH) and expanding 5G network. On Wednesday, June 26, 2025, Morocco Telecom (IAM) and Inwi (Wana Corporate) officially announced the launch of their new companies, Uni Fiber and Uni Tower, in a strategic move aimed at accelerating the deployment of fiber optic networks to homes (FTTH) and expanding 5G network. The partnership between Maroc Telecom and Inwi has officially entered its operational phase, marking a major step forward in Morocco's digital infrastructure. Backed by advanced production capabilities, we deliver certified quality, controlled lead times and local technical support. With approvals from both Maroc Telecom's. Under the new framework, operators may act either as Infrastructure Operators (IOs), leasing their fiber to competitors, or as Commercial Operators (COs), offering services using other networks in areas where they lack coverage. Morocco's National Telecommunications Regulatory Agency (ANRT) has.
