

Swiss Spectrometer Equipment Manufacturer

Overview

EPFL's Spectroswiss crafts advanced scientific software and hardware for mass spectrometry data acquisition, processing, and analysis. We serve the (bio)pharma, clinical, and energy sectors in academic and industrial labs globally, targeting a market over 100 mioCHF. Our analytical systems are used for product development, quality assurance, process monitoring, environmental protection and include instruments for titration. Zurich Instruments is a test and measurement company headquartered in Zurich, Switzerland and is part of the Rohde & Schwarz family. We develop and sell measurement instruments worldwide, either directly or through carefully selected partners, and provide responsive and effective customer service. Founded in 2006 and privately owned, our facilities are spread between our sales offices in Neuchâtel, located on the shore of lake Neuchâtel, and our production line in Tramelan, which lies in the beautiful region of the. Thanks to our dedicated team of applications specialists, services engineer, laboratory technician and administrative employees, we provide our pharmaceutical, life sciences, industrials, and academic customers with products and services aiming at measuring, controlling, and improving your. Spectroswiss is a Swiss technology company developing and producing hardware components and software for Fourier transform mass spectrometry. The company was formed in 2014 as a spin-out from the Biomolecular Mass Spectrometry Laboratory at Ecole Polytechnique Fédérale de Lausanne in. The leading Spectrometer Manufacturers in Switzerland are listed in this directory. No Companies match the search criteria.

Article Content

Spectroscopy and Spectrometry Instruments

Spectroscopy and Spectrometry Instruments Spectroscopy is used as a tool for studying the structures of atoms and molecules. The large number of wavelengths emitted by these systems makes it

Spectrometer

A spectrometer is a measuring device that allows you to decompose and analyze the elementary components that make up the spectrum of a radiation or ion beam. For example, a spectrometer can

Measuring instrumentation and services | Instrumat

Swiss experts in materials analysis and characterization. We provide cutting-edge laboratory equipment, technologies, and process solutions for

Spectroscopy manufacturers from Switzerland ⇒ chemeurope

ARCOptix is a manufacturer of optical measurement systems. Our most popular products are FTIR spectrometers and liquid crystal systems. We are located in Neuchâtel, Switzerland, along the ARC

Bruker Announces 1.2 GHz NMR Spectrometer at Swiss High-field

Bruker announced the acceptance of a 1.2 GHz Ascend? Nuclear Magnetic Resonance spectrometer at the Swiss High-field NMR Facility, operated jointly by the University of Basel, ETH

Spectrometers manufacturers from Switzerland ⇒ bionity

The business directory for spectrometers manufacturers All manufacturers incl. products, news & contact information Find suppliers now!

Spectroswiss Sàrl

EPFL's Spectroswiss crafts advanced scientific software and hardware for mass spectrometry data acquisition, processing, and analysis. We serve the

400 Spectrometers Manufacturers From around the world

The business directory for spectrometers manufacturers All manufacturers incl. products, news & contact information Find suppliers now!

Ionplus AG | Scientific Instruments made in Switzerland

Ionplus AG | Scientific Instruments for Radiocarbon Dating and Accelerator Mass Spectrometry (AMS). Based on more than 30 years of research and experience,

Find SPECTRO WorldWide

Locate your local SPECTRO Analytical Instruments office with our global directory. Find the respective contact information for SPECTRO organizations worldwide.

Spectrometer, Spectroscope

Find your spectrometer easily amongst the 326 products from the leading brands (Particle Measuring Systems, analytik jena, Waters, ...) on MedicalExpo, the medical equipment specialist for your

Analytical instruments and equipment | Metrohm

Robustness and Swiss-made quality: We produce as much as possible ourselves, from the hardware to the software, the printed circuit boards and finally the

Swiss Labs | Swiss Labs

Swiss Labs The equipment of your laboratory, our expertise for over 20 years. Since its foundation in 2000, Swiss Labs has been committed to supporting the

Spectrometer Manufacturers

The leading Spectrometer Manufacturers in Switzerland are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view

141 Spectrometry Manufacturers From around the world

Glass Expansion GmbH Manufacturer, Laboratory equipment / supplies, Weilburg, Germany Glass Expansion has been manufacturing sample introduction components for ICP emission and mass

Ultra-Sensitive Time-of-Flight Mass Spectrometers

Innovation with Integrity Real-time chemical insight, powered by ultra-sensitive time-of-flight mass spectrometers From discovery to decision making, built for

Spectroswiss

Spectroswiss is a Swiss technology company developing and producing hardware components and software for Fourier transform mass spectrometry. The company was formed in 2014 as a

7 Nir Spectrometers Manufacturers From Switzerland
