

## Switzerland Telecommunication Towers

### Overview

This project presents an interactive map showcasing the locations of cell towers across Switzerland. Cellnex Telecom becomes the first independent wireless telecommunications services and infrastructure operator to enter Switzerland, consolidating the Company's position in Europe with more than 23,000 sites across Spain, Italy, France, Netherlands, the UK, and now Switzerland. The investment totals Swisscom, which has a long history as Switzerland's leading telecommunications and IT company, is still the dominant actor in the sector. The Swiss telecommunications market is characterised by a high technological standard and nationwide coverage. — © Pixnio Telecommunications in Switzerland. Tower firm Cellnex has kicked off plans to sell a majority stake in its Swiss unit this week. Bloomberg reported earlier this week that Cellnex is working on a sale with JPMorgan Chase & Co. and Societe Generale SA in a move that could net as much as €2 billion (\$2). It's a visual tool designed to display cell tower positions with distinct markers, facilitating the identification of towers operated by Swisscom, Sunrise, and Salt.
